

ALLEN ADAMS: Tape 2, side 3: JJ, AA, RAD, VWD: 6/9/81

(can't really hear--seems to be talk of the dairy)

AA: The round barn is such a fabulous thing!I wanted to build a home similar to that barn out there. It's a very unique thing, like the towers in Chicago, etc. And to think that your father did this--it's fabulous....Not to down Sweptkey, he was a good guy, but--they had these big leather belts here to run this machine, and Sweptkey--I don't know if it was a cold day, or a damp day--....Have I talked to much?

JJ: I'm glad to get that whole story.///
